The role of the Committee is both governance and adherence to correct Operational procedures. In order for Committee members to carry out their governance role, they must be familiar with the organisations policies, plans and priorities and be both able and prepared to demonstrate this familiarity through debate and participation in all areas of the Board responsibilities.

Executive Committee Level Policy

In order to fulfil its governing role of providing a framework for the Association's operation, yet at the same time maintaining its overview of the operation processes, the Committee will work to set strategic direction and develop Committee level policies.

- **Framework policies:** encompassing the vision and mission statements, the organisation's values, the constitution and bylaws, and any other legal frameworks
